

Datamatics Business Solutions Ltd. (DBSL) and GDPR

Datamatics Business Solutions Ltd. (DBSL) along with its affiliates has taken necessary steps to ensure compliance with the European Union's General Data Protection Regulation (GDPR) and ePrivacy Regulatory changes with effect from 25th May 2018.

We have always been sensitive to our clients' data and information. Our strategy is committed to safeguard our clients' Personal Identifiable Information (PII) / Sensitive Personal Information (SPI) and that of their customers and prospects.

As a Data Processor, we process data of EU and UK residents for EU, UK and US registered companies (as part of its client requirements). We have made necessary provisions to adhere to data security and privacy at every step of data management, data accuracy, data retention and disposal, data transfer, data profiling, data sourcing and consent or opt-in.

Our GDPR Data Protection Principles are mandated by the Regulation i.e., (EU) 2016/679 of the European Parliament and the Council published on 27th April 2016.

We have implemented and revalidated our processes and systems around GDPR on the basis of the following key principles:

1. Lawfulness, Fairness and Transparency
2. Purpose limitation
3. Data minimization
4. Accuracy
5. Storage limitation
6. Integrity and Confidentiality

Datamatics Business Solutions Ltd. (DBSL) has cleared the GDPR audit requirements in accordance with DPIA, to confirm that the controls are suitably designed.
